

Human-Environment Interactions in the Galapagos Islands

Geography 269

Mondays, 3:30 – 6:30 pm; Saunders Hall – Room 220 (Sec. 002)

Tuesdays, 3:35 – 6:35 pm; Saunders Hall – Room 220 (Sec. 001)

**Stephen J. Walsh, Professor
Department of Geography, University of North Carolina at Chapel Hill**

Fall 2015

“It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is the most adaptable to change.”

Charles Darwin
