Making Your Research Matter:

Effective Design and Communication to Help Make an Impact on the World

Spring 2023

T/Th 2-3:15pm

CH 204

Dr. Erika Wise, ekwise@email.unc.edu

Are you an upper-level undergraduate or graduate student who hopes your work will have a positive impact on the world?

This skills-based course will focus on good research practices and effective communication techniques to help make that happen.

Appropriate for both physical and social scientists!
