

# GEOG 115 MAPS

Looking for a  
fun Data  
Science  
Minor?

Map made by Joshua Van Mater, GEOG115 Spring 2023 Student

**GEOG 115 Maps:** Geographic Information from Babylon to Google. Introduces the science and art of map making and presents the conceptual foundation necessary to effectively design maps and spatial visualizations.

Time/Day: MWF 12:20-1:10pm

Carolina Hall, Room 220

Come learn about spatial data, Geographic Information, how to design visualizations, and how to use, read, understand, find and make maps. You will also learn about how maps shaped our understanding of the world - and we'll have some fun along the way!

\*GEOG 115 is a Data Science minor requirement in Data, Culture, and Society with no prerequisite.
